

Donation Request Form

Island Blue is a company committed to its community, and for close to 100 years we have proudly supported a great number of charitable events and causes on Vancouver Island.

Although many organizations are deserving of support, Island Blue looks to assist in those areas that encourage the development of health, education, arts & culture, and the environment. To qualify, the organization must be a registered charity or BC society. Should the request be for sponsorship for an event, the name of the charitable organization that is being supported is required.

Due to the large number of donation requests received, we ask you to fill out our Donation Request Form. All requests must be submitted at least 30 days prior to your event date in order to allow sufficient time for processing. Submissions may take up to 15 days to review.

If you would like to make a request for charitable support from Island Blue, please complete the information below, providing us with details about your organization and/or event.

Please fax the completed form to 250-385-1377. Completion of this form does not guarantee our support or other assistance.
